Dear Herb:

Subject: FBIS Seal

The fine suggestion for a FBIS seal sent in by [redacted]

STAT

[redacted] reflected originality, and thought, and an unusual amount of

STAT

artistic talent, and was carefully considered here in Headquarters.

The ultimate choice which you soon shall be seeing on new FBIS covers was influenced by considerations other than taste alone; on the whole,

I believe we have improved our covers. Please express my thanks to

[redacted] for her submission.

Sincerely,
